

CIRCLES *of* GIVING

Knowing is not enough; we must apply.
Willing is not enough; we must do.

– Johann Wolfgang von Goethe

FOUNDATION REPORT

The preceding pages of this report detail the activity and achievement of our campus over the past year.

A major component of this success is the generous support of partners and donors, those

committed to public higher education who generously support our College.

These contributions are key elements to the success of the college, but most importantly they are investments in the lives

of students who benefit from increased access to education, and ultimately to a career. It is this commitment by our donors and partners that will help advance our College and benefit the future of our community. ■
